

# THE BOURBON NEWS

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXXVII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MAY 17, 1918

## BE PREPARED FOR THE BIG RED CROSS DRIVE.

The stage is all set, and the actors all know their parts in the big Red Cross campaign, which is to occupy the boards in the State all next week, from Monday, May 20, to May 27. In Paris and the county it is planned to make a "one-day drive," for various reasons, the principal one being that, as this is the busy season of the year with the farmers, the soliciting committees do not want to inconvenience them by taking up more of their time than necessary.

The campaign will be opened with the big mass-meeting at the Paris Grand Opera House, on Sunday afternoon at three o'clock, the program of which has been announced in the Paris papers. Col. John R. Allen, of Lexington, a speaker of more than local reputation, will be the principal speaker of the day. The meeting will be presided over by Mr. John B. Downing, of Lexington. Music for the occasion will be rendered by the Boys' Band from the I. O. O. F. Home at Lexington, and the Community Chorus of this city.

It is the desire of County Chairman James Caldwell, who has been hard at work day and night to make the drive a success, that everybody come prepared to make their subscriptions at this meeting. There is no way to dodge the issue, and all who are not seen on Sunday, will be found on Monday. Not a soul will be overlooked, and the members of the soliciting committee will be sure to call on you and on your neighbors. So be prepared for the inevitable. Make the work of the committees as light as possible. You yourself can realize what a vast amount of work will be entailed in seeing personally all the people in a certain locality. So help them out by being ready with your contribution at the mass-meeting Sunday afternoon.

The following is a list of the soliciting teams and their captains in each precinct in the city and county. They will be right on the job all the time, and they want it borne in upon the people of the city and county that there will be no such thing as getting away from them:

Paris No. 1—F. P. Lowry and Dr. M. H. Dailey, Captains, and Woodford Spears, Thos. Kiser, Harry Kerslake, Walter Payne, Frank M. Clay. (Continued on Page 4.)

## FIFTEEN LEAVE MAY 29 FOR CAMP TAYLOR.

The Bourbon County Board of Exemption has sent official notifications to eighteen draftees embraced in the recent call, to appear before them at the court house on May 28, ready to leave for Camp Taylor, near Louisville, at 7:35 p. m., on the following day, Wednesday, May 29. The first fifteen men named in the list will go while the last three will be substitutes. The men who will enter the service are:

Harry Leach, Thos. McVay, Cleve Lewis, Mike Shannon, Leland Hudson Barnes, J. Scott Woodford, Lloyd Lanter, Lee Grimes, James Lot Banta, Richard English, Andrew J. Turney, Alva M. Barnett, Walter Hobert Case, Harold Urmoston Shropshire, Martin Steven Glenn, Walter Brown Crump, Thos. Leslie Cummins, Otis Coldiron.

The Board received yesterday the following official order from the War Department, which is about as stringent as could be made:

"This call completes the call for white men in the second quota, and therefore no local Board will defer the call of registrants whose order number is within this quota on account of being engaged in the cultivation of a crop, as provided in Bulletin No. 64. No registrant can be deferred IN THIS CALL UNDER ANY CONSIDERATION."

## FISH FRY AT NORTH MIDDLE-TOWN.

Paris had a deserted look yesterday, owing to the fact that almost everyone who could find means of conveyance, attended the annual fish fry held by the North Middletown Fishing Club. Others put in their time at the carnival, and the news gatherer had a hard row to hoe.

The event was held on the banks of Stoner Creek, near North Middletown, and was a huge success. Hundreds feasted on fresh fish and a substantial dinner, prepared by the women of that vicinity.

## TEACHERS' EXAMINATIONS

Examinations for teachers' certificates for white teachers of the county schools will be held in the County Court room in the court house this (Friday) and to-morrow (Saturday) afternoons. The examinations will be conducted by Miss Susie Clay and Prof. B. M. Roberts.

## IN THE SERVICE OF THEIR COUNTRY.

Prof. Clark White, former member of the Paris High School faculty in this city, who has been a guest of friends here for several days, left Wednesday for New York, where he will report for service in the army.

According to information received here Wednesday, Mr. Miller Bernaugh, son of Mr. and Mrs. James D. Bernaugh, formerly of Paris, has been promoted to the rank of sergeant in the aviation service at Camp Green, North Carolina.

Harmon Turner, son of Mr. and Mrs. Edward Turner, of near Paris, left Wednesday night for the Great Lakes Naval Training Station, to report for service. Mr. Turner enlisted in the service some time ago at the Louisville recruiting station.

Among the enlistments in the aviation service at the Louisville recruiting station Wednesday were Charles Landen Templin and James Stuart Wallingford, both of Paris. The young men applied at Lexington some time ago and were accepted, the final enlistment papers being signed at Louisville.

Mr. H. Earl Dickerson, a former Paris boy, who was ordered to report to the War Department at Washington, D. C., a month ago for special service, has been made assistant secretary to Capt. A. F. Hubbard, of the Small Arms Section Procurement Division of the Ordnance Department at Washington.

John Hennessey and Pink Peddicord, of Paris, have offered their services to their country for duty as railroad firemen in France, where the United States is assisting in new railroad construction and operating trains for the allies. They are now on waiting orders which may come to them at any time.

Mr. Jos. Q. Frakes, formerly of Paris, is a guest of his mother, Mrs. Carrie F. Stone, and other relatives in Paris. Mr. Frakes is now manager of a large retail shoe house in Cleveland, Ohio. He is a registrant from Bourbon county in the special service class, and will remain here until he receives an official disposition of his place in the quota from Bourbon county.

Mr. Sherman Snapp, formerly of Paris, who had his registration transferred from the Bourbon county draft to California, has received notice to report at Fresno, Calif., on or before May 25, with the quota from that section for army service. Mr. Snapp has been on the Pacific coast for several years as manager of a crew of solicitors for the Royal Baking Powder Co. He is a son of Mrs. Alice Snapp, of Paris.

Rev. R. Quarles, a well-known colored minister of Paris, who is now conducting a meeting in Louisville, received a letter from Nova Scotia, B. C., signed "Barrington," asking him to come there and help the writer in war work among colored people. The writer stated he had plenty of money and wanted to help the Allies in the war, and that Rev. Quarles had been recommended to him as a worker among the colored people of America.

Lieut. C. C. Dawes, formerly of the Paris High School and the Bourbon County Y. M. C. A., who is stationed at Camp Zachary Taylor, recently took a detail of Camp Taylor soldiers to Des Moines, Iowa, where they staged a boxing and wrestling tournament. The exhibition netted the sum of \$1,500 for the war fund at Camp Taylor. Lieut. Dawes was coach of the P. H. S. football and basketball teams during the season of 1916-17, and made an enviable record at athletic director.

Mr. John Harris Clay has arrived at the home of his mother, Mrs. C. M. Clay, at "Auerne," near Paris, on a ten-days' leave of absence. Mr. Clay, who is stationed at Long Branch Camp, near Toronto, Canada, as a member of the Royal Flying Corps in the aviation service, is recuperating from a recent attack of measles. Another son, Mr. Cassius M. Clay, who is in the U. S. Army service, has been transferred from Camp Zachary Taylor to the 12th Battalion of the Artillery Replacement Depot service at Camp Jackson, near Columbia, S. C.

Mr. and Mrs. Percy Adair, of near Paris, have received a letter from their son, Allan Adair, who is now a member of the American Expeditionary Force in France. Young Adair is a Corporal in the service, being in Co. C, 512th Engineers Battalion. The letter was written from "Somewhere in France." Corporal Adair stated that he was well, and not a bit homesick, and the fact that he was thousands of miles away from the old Bluegrass only made him the more eager and determined to fight to a finish to win the war so as to return to "civilization" again.

Mrs. Clifton Arnsperger, of this city, received a letter this week from her son, Mr. Lucien Arnsperger, stating that he was ill in the Base Hospital at Ft. Sheridan, near Montgomery, Alabama, where he recently underwent an operation. Mr. Arnsperger added that he would be glad to hear from some of his friends and acquaintances in Paris, as lying on an army hospital cot was a lonesome stunt. Mrs. Arnsperger also heard from her other son, Mr. Clifton Arnsperger, who is in the service at Ft. Hamilton, New York. He had received a promotion and had been placed in command of a service squad.

## SEARCHING FOR MISSING BOY.

In a search being conducted for Everett Blevins, aged fifteen, who left his home in Mt. Sterling, to enlist in the navy, his father, Mr. George Blevins, came to Paris from Mt. Sterling, Wednesday, after a search at other places, the result of which proved fruitless.

Mr. Blevins stated that his son left home about ten days ago with the remark that he was going to Lexington to enlist in the navy. Inquiry at the Lexington recruiting office developed the fact that the young man was turned down on account of his age. He stated there that he was eighteen years old, but could not produce proof, and the officials being skeptical, would not accept him.

Mr. Blevins said that his son was in his fifteenth year, and that his leaving home under the circumstances, and his prolonged absence had been the cause of great grief and distress to his wife and himself. He said that the boys were engaged in raising a big crop on the place, and that the boy who had disappeared was badly needed on the farm, and that if he would return he would be welcomed and no questions would be asked. Mr. Blevins was of the opinion that his son was somewhere in this county, where he had a large number of young friends.

A description of the missing youth was furnished the local authorities, and a search will be made for him. Mr. Blevins will appreciate any information in regard to the whereabouts of his son, whose absence, he said, was only due to the fact that he wanted to join the navy.

## CONSULTING ENGINEER HERE.

A consultation was held in the office of Mayor E. B. January, Wednesday by the Mayor, the Light Committee of the City Council, and Mr. W. H. Weiss, of Kansas City, who came here from Memphis, Tenn., especially for the meeting.

The object of the conference was to consider the adjustment of the city's claim against the Paris Gas & Electric Co. for a reasonable rate for lighting the city, and regulating the price of electricity to private consumers. The result of the conference was not made known.

Monroe Sweeney, formerly of Paris, who was stationed for some time at the Great Lakes Naval Training Station, near Chicago, has been transferred to Boston, Mass. In a letter to THE NEWS, Mr. Sweeney says, in part:

"When I returned from my furlough visit at Paris to the Great Lakes station I was transferred about three times in two weeks, so I could not let you know what had happened. I was transferred to the Naval School of Aeronautics here at the Massachusetts Technical School about the first of April, and I suppose I will be here for some time yet. I want to see THE BOURBON NEWS coming my way again. We are always glad to get the home paper, and find out what has been going on since we've been gone. There are several boys here from Kentucky, and a number of them come from the Bluegrass. Among those who have recently entered the school is Kenneth Alexander of Versailles, Clinton Rhodes, from Louisville, who have been on the Western front for some time with the Ambulance Unit. This is one of the most wonderful aviation schools in the world. They are turning out about one hundred or one hundred and fifty aviators every two weeks, that is, that many graduate every two weeks in the ground school, and are sent to Key West, Miami, or Pensacola, Fla., and some are sent to Bay Shore, Long Island. We are kept busy every minute of our time from 5:00 a. m. until 10:00 p. m. I am in my 'E Flight' now, which consists of courses in gunnery, electricity, radio, motors, fundamentals of naval service, calisthenics, and two hours of drill every day. Have visited several places here and near here of historical interest, and I like the city very much. The people of Boston do everything they can to make us feel welcome. There are six hundred cadets in the Navy Aviation school, while the army also has a big detachment here in aviation. K. P. Slade and Harvey Jewell, from Lexington, are also among the new arrivals. I met Mrs. Richard Anderson, (formerly Miss Hazel Cottingham) and her husband on the street here the other day, and I certainly was glad to see them, as I believe they were the first civilians I have seen from home since I have been here. I was awfully sorry to hear of the sudden deaths of Mr. W. L. Yerkes and Mr. B. A. Frank, as Paris and Bourbon county lose two of their most valuable and useful citizens in the death of these two men. I hope to get a few copies of THE BOURBON NEWS read soon, as I miss the paper more than you can know. Just get away from home once, and stay a long time, and then you will appreciate the old home paper, oh, boy, yes, I say so."

"J. MONROE SWEENEY, "Naval Aviation Detachment, Mass. Inst. of Tech., Co. 21, Cambridge, Mass."

## MASS-MEETING OF COLORED CITIZENS IN RED CROSS WORK.

F. M. Wood, chairman of the committee for Red Cross work for Bourbon county among colored people, is calling a mass-meeting at St. Paul M. E. church Sunday at 3:30 p. m. At this meeting every man, woman and child are expected to give liberally to the Red Cross fund for the work of mercy among the soldiers in the United States Army. Both cash and pledges will be taken next Sunday and Monday.

A house to house canvass will reach those who do not have the opportunity of attending the Sunday meeting.

F. M. Wood spoke to the Red Cross Society at Millersburg, Wednesday last, after which a donation of fifty dollars was taken and at the same time they pledged themselves to raise one hundred and fifty dollars during this Red Cross Drive.

All eyes are now turned toward the colored citizens of Paris to see how well they will perform this urgent duty for their sons who are sacrificing their lives for a world-wide Democracy.

## FAMILY SUFFERS SEVERELY FROM PTOMAIN POISONING.

Ptomaine poisoning, presumably caused by eating fresh fish, came near having serious consequences for Dr. and Mrs. William K. Dudley, and their daughter, Miss Frances Dudley, who reside near Hutchison.

The family had partaken of fish for dinner, and in a short time after symptoms of ptomaine poisoning became manifest, and a little later all three became violently ill. Physicians were summoned who administered remedies and soon had them out of danger.

## GOVERNMENT ISSUES CALL FOR FIVE HUNDRED LABORERS.

Dr. Frank L. McVey, president of the University of Kentucky, who is State director of the public service reserve and employment service, has received a call for 500 laborers from Kentucky to work in government ship yards, according to an announcement made Wednesday. Colored men are preferred and the pay will be 35 cents an hour. The men are needed before the end of this week and telegrams have been sent to the various local labor directors throughout the State.

## TROPHY OF SKILL.

The big tarpon, which towed Dr. M. H. Dailey a distance of three miles while in a boat fishing in Florida last winter, has been mounted and placed on exhibition in his dental office. The giant fish is a remarkably fine specimen of the finny tribe, and a mute testimonial to the skill and good fortune of Dr. Dailey in successfully landing it.

## BROTHERS - IN - LAW QUARREL WITH FATAL RESULTS.

In the hearing in County Court before County Judge George Batterton, of Clifton Griggs, charged with killing his brother-in-law, Charles Curtis, with a brick, a verdict of acquittal was rendered, the evidence showing Curtis the aggressor, and that Griggs clearly acted in self-defense. Griggs was discharged from custody.

According to the testimony adduced at the trial Curtis came to the Griggs home, while intoxicated, and became very abusive. Mrs. Griggs threatened to call officers, which infuriated Curtis still more. He drew a knife and started toward Griggs, who backing away from him picked up a brick and struck Curtis on the head.

Sheriff Wm. G. McClintock and Deputies James Gibson and J. O. Marshall were called and went to the Griggs home in an automobile. Curtis was brought in the machine to the Paris jail, and later to the Massie Memorial Hospital, where he lingered in an unconscious condition until death came. An investigation by physicians revealed the cause of death as a blood clot on the brain, caused by the blow.

Upon learning of Curtis' death a warrant was sworn out for Griggs' arrest. He surrendered himself voluntarily, and at the trial was acquitted.

The body of Curtis was removed to the home of his father, Mr. E. C. Curtis, in East Paris. The funeral was held from the residence at nine o'clock Wednesday morning, with services conducted by Rev. W. E. Ellis. The interment took place in the Pine Grove Cemetery, in Clark county.

The victim was twenty-eight years old. He is survived by his parents, four sisters, Mrs. Clifton Griggs, of Stony Point; Mrs. Herbert Weaver, of Knoxville, Tenn.; Mrs. C. Sharpe and Mrs. R. C. McMichael, of Lexington, and five half sisters, Misses Nettie, Ethel, Jessie, Lorine and Louise Curtis.

## DR. BARROW HOSPITAL UNIT CALLED TO ACTIVE SERVICE.

After a long period of intensive training at Camp Zachary Taylor, the Dr. Barrow Base Hospital Unit No. 40, largely recruited from Central Kentucky towns, has been called for active duty "somewhere in France." The unit will leave from the camp about May 25th, according to the most reliable information at this time.

The following from Bourbon county are members of the unit: Oscar C. Ashcraft, Douglas K. Clay, Samuel S. Dick, Clarence Harney, Albert Houston, John H. Moran, Thos. Prichard, Herbert T. Sledd, Alvin Thompson, Clarence Whaley, Baldwin Woods, Thos. E. Gilmore, Julian Ingels, Russell Caldwell, Ray H. Faulkner, Miss Edith Hanna, Miss Mary Stone, Miss Robinson.

The Price of Cotton is Soaring  
Higher, Ever Higher--But  
the Price of  
**Wirthmor Waists**  
is Still the Same

It is a unique and economical merchandising plan that enables us to still sell these wonderful Wirthmor Waists at \$1.00.

The price of cotton and cotton fabrics has advanced excessively—recently reaching the highest figure since civil war days, and still the price of WIRTHMOR WAISTS remains the same.

In these deservedly popular Blouses the materials used are just as good as ever; they'll wear as well; they'll launder as well; they're made as finely; and the STYLES are just as genteel and pretty as in the past.

Only the vast volume of WIRTHMOR sales, the many large economies of the WIRTHMOR PLAN, coupled with the forehanded purchase of material and a fixed purpose on the part of the retailer and maker to hold down price, accounts for these truly remarkable values.

Great Reductions  
in Suits and Coats

**FRANK & CO.**

— WE KNOW NOW —

**STRAW HAT TIME**  
HAS ARRIVED

WELL DRESSED MEN will now lay aside their felt hats for one of the new, snappy straws. We have a most complete showing in all the new shapes and braids. Splits, Sennets, Leghorns, Panamas and Bankoks in all the new shapes and styles.

Split Straws and Sennets

\$2.00 to \$5.00

Leghorns

\$5.00 to \$6.50

Panamas

\$5.00 to \$10.00

Good dressers select their hats with more care possibly than any other articles of their wardrobes, and if you select your straw hat from our store you will wear a becoming hat.

**MITCHELL & BLAKEMORE**

STETSON HATS  
NETTLETON SHOES

STEIN-BLOCH CLOTHES  
MANHATTAN SHIRTS

## Catarrh of Throat

Miss Amalie Ruzicka, 1449 South 26th St., Omaha, Nebraska, writes: "I have suffered with catarrh of the throat. I caught cold and it settled in my throat, and I coughed badly and was very weak. I could not sleep and had no appetite. I had two doctors, and had taken so many different medicines and found no help. I thought I will have to give up; but at last my mother read about Peruna, so I thought of trying that great medicine Peruna. I got a bottle of it and in about four days I almost stopped coughing, and after a while I surely found relief, and from that time we are not without Peruna in our home."

**Could Not Sleep No Appetite Now Well. We Always Have PERUNA in the Home.**

Those who object to liquid medicines can procure Peruna Tablets.

## "KULTUR" TO "GERMANIZE" AMERICA WITH RIFLES.

An Associated Press dispatch from New York conveys this startling piece of information:

"Reports that thousands of rifles had been secretly imported from the Krupp gun works at Essen, Germany, in order to 'Germanize' the United States, was related at the inquiry conducted by the State Department into rumors that German interests had hoarded arms in this country."

Edgar A. Holmes, of New York, credited the reports to a man named Joseph H. Crossley. Holmes, as a broker, tried unsuccessfully to buy the rifles."

## B-4 FIRE Insure with W.O. HINTON & SON, AGTS

**\$65,000 FIRE LOSS IN OWENS-BORO PLANT.**

The plant of the Owensboro Forging Company was destroyed by fire Tuesday, with a loss of \$65,000. Insurance on the plant amounted to \$40,000.

The forges were heated by oil, which was pumped to them. One of the belts in the building broke, and in swinging around hit the oil pipe, which was smashed. Oil flowed in a stream to the forges and in a few seconds the entire building was enveloped in flames. The company was doing government work and had a year's orders on hand.

## Fire, Wind and Lightning Insurance. Thomas, Woodford & Bryan.

The Hohenzollern family is unique in many ways. It is, for instance, about the only German family with six "living" grown sons.

Now Colorado wants La Follette elected from the Senate. Few die, still fewer resign and none are ousted from this comfortable body.

## BOURBON COUNTY SPORTS NOT "ON" THE DERBY WINNER.

It is reported that over \$500,000 filtered through the pari-mutuel machines at the Churchill Downs track, Louisville, Saturday, where W. S. Kilmer's Exterminator, the longest shot in the race, won the Derby by less than a full length over Escoba, unexpectedly pulling down a rich purse for his owner. Most of the money came from the country precincts, and a good deal of it came from Central Kentucky.

So far as can be ascertained, none of the Paris or Bourbon county "sports" are known to have picked the winner, consequently, they were not among the few who "found money growing on trees." It is said that a certain wise guy from this city wanted to lay a couple of hundred on Exterminator, but was so unmercifully taunted by his friends because of his poor judgment that he abandoned the idea and played twenty dollars on War Cloud, and lost, of course. Had he followed his first inclination he would have pulled down a small fortune.

## GOVERNMENT TO FIX PRICE OF WOOL.

The United States Government has decided to fix the price of wool. The government absolutely will prevent any sort of speculation in wool. Brokers' commissions will be specifically set by the government.

The government has called on the Experiment Station at State University through President E. S. Goode to make investigations and recommendations for the handling of the wool of the State of Kentucky.

The extension Division of the College of Agriculture has arranged to have M. O. Hughes to take charge of work of getting together for sale in the best possible manner the wool of the State of Kentucky. Mr. Hughes is well acquainted in every way with the wool problem and with the people handling wool.

## MILLERSBURG

—Mrs. A. S. Venable and son, Rev. A. S. Venable, Jr., of Lexington, are spending a few days at the Presbyterian parsonage.

—Mrs. E. H. Dorian, of Memphis, Tenn., will arrive to-day for several weeks' visit to her brother and sister, Mr. S. M. Allen, and Mrs. O. W. Ingles.

—Mrs. Thomas Hicks and daughter, little Miss Bessie Hicks, returned to their home at Lexington, Wednesday, after a visit to Misses Alfa Ball and Ruth McClintock.

—THE SICK.—Mrs. America Butler continues to grow weaker; Mrs. Fannie Norton remains about the same; Mr. Earl Hill, Mrs. H. J. Faith and Mr. James Clever are improving; Mr. Thomas is doing nicely at the Massie Memorial Hospital, in Paris.

—Don't forget the lecture-recital by Rev. G. R. Combs, of Paris, to-night at M. C. Auditorium, under the auspices of the W. C. T. U. The lecture will be preceded by a twenty minute partitive meeting by the young folks, which will be followed by Rev. Combs in his lecture, entitled, "Folk-Lore and Mountain Ballads." Let's give the ladies a full house. Remember the proceeds go for the purchase of a Liberty Bond.

—Millersburg is once more in holiday attire, as the annual commencement of the M. C. is on, and practically opened Tuesday night with the graduation recital of Miss Caroline McIntyre, in piano. The college auditorium was well filled and a good ovation was given this most worthy lady. Her numbers were classical and well rendered. She displays considerable talent, breathing her own interpretation into much of her work. The exercises will be continued Saturday night, at which time the young ladies will put on the operetta. The art gallery of the college will be opened to the public on Saturday and Monday. The baccalaureate sermon will be delivered at the Methodist church Sunday morning. The spring and summer Red Cross drive will be opened at the Methodist church Sunday evening. The commencement exercises of M. C. will be concluded Monday at eight p. m., with the annual concert at the auditorium and will close Tuesday morning, with the annual commencement exercises, at which time a number of young ladies will take their degrees. Commencement guests are beginning to arrive, and by Sunday quite a number will be in various homes. Mrs. Ephriam Wood, of Stanford is with her daughter, Mrs. S. M. Allen, Mr. and Mrs. Chas. Rhodes, of Flemingsburg, will arrive Sunday as guests of Mr. and Mrs. M. D. Hurst.

## MILLERSBURG COLLEGE COMMENCEMENT.

—Thursday, May 16, 8:15 p. m.—Miss McIntyre's Pianoforte Graduation Recital.  
—Saturday, May 18, 8:15 p. m.—Operetta, "Sylvia."  
—Sunday, May 19, 10:45 a. m.—Baccalaureate Sermon by Rev. O. B. Crockett, of Shelbyville, Ky.  
—Sunday, May 19, 8 p. m.—Missionary Anniversary.  
—Monday, May 20, 8:15 p. m.—Annual Concert.  
—Tuesday, May 21, 10:30 a. m.—Graduation Exercises; address by Hon. Victor Bradley, Georgetown, Ky.

This year the missionary anniversary will be given over to a mass-meeting for the purpose of raising Millersburg's quota of the second Red Cross War Fund. Able speakers and appropriate music will be interesting features of the occasion. To all of these exercises the public is cordially invited.

Emperor Karl must be anticipating his visit to the Kaiser with all the glee of a boy going back to school.

## Farms For Sale!

The S. J. Jones Real Estate Agency, Hamersville, Boone County, O., is ready to supply you with a good farm, large or small, worth the money. (14-6t)

## Public Sale

## Personal Property

Paris Lodge No. 373, B. P. O. Elks, having dissolved, the undersigned Trustees of said Lodge, will for the purpose of settling its affairs, offer at public sale at the lodge rooms on Main street, in Paris, Ky., about the hour of 3 o'clock p. m., on

SATURDAY, MAY 18, 1918.

a lot of personal property, consisting principally of:

- 1 leather couch;

GOWNS SUITS HATS

## I BELIEVE

I believe that I am right in the conclusion that thinking people do not want bargain glasses any more than they would want nature to endow them with a bargain pair of eyes.

My work is, and always will be, just as good as I know how to make it. I must give satisfaction in order that my business may grow.

If you will favor me with your patronage, I will see to it that you only pay a fair price and I will also promise you satisfaction, so much so that you will not hesitate to recommend me to your friends who are in need of eye help.

Dr. Wm. Riley Franklin  
Both Phones. 520 Main St.

## LIBERTY BONDS TO BE DELIVERED IN TWO WEEKS.

To supply Liberty Bonds to subscribers promptly, extra shifts of printers were set to work by the Bureau of Engraving and Printing, and it is planned to deliver all bonds within two weeks. About 18,000,000 bonds already have been printed and more than 10,000,000 have been distributed throughout the country by the Treasury.

Secretary McAdoo formally announced that in accordance with rights reserved when he opened the third loan he would make allotments of all the subscriptions in full.

The total of subscriptions tabulated by the Treasury was nearly \$3,500,000,000 and nearly half a billion more probably will be announced some time after next Monday.

Now that the Germans have decided that they probably won't take Ypres the sentiment is unanimous.

## SOCIAL AND PERSONAL.

### Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. W. F. Turner continues very ill at her home near Paris.

—Mrs. Gordon Jett, of Paris, was a guest this week of Mrs. W. S. Robinson, in Winchester.

—Rev. B. F. Orr and daughter, Miss Olivia, left yesterday for a visit to Rev. Orr's son, Mr. E. M. Orr, in Louisville.

—Mr. Ben Buckner, Jr., manager of the Xalapa Farm, was a guest of friends and relatives in Winchester, Wednesday.

—Miss Elizabeth Kenney has returned to Georgetown College after a visit to her parents, Mr. and Mrs. Kenney, on South High street.

—Miss Margaret Scott has returned to her school duties at Georgetown College, after a visit to Miss Charlotte Henry, on Cypress street.

—Mr. W. W. Hinton has returned from the Good Samaritan Hospital, in Cincinnati, where he has been a patient for several weeks, following an operation.

—Dr. and Mrs. Wm. K. Dudley and daughter, Miss Frances, are recovering from a recent severe attack of ptomaine poisoning, at their home near Hutchison.

—Mrs. Wesley Franklin has returned to her home in Cynthiana, after a visit to her parents, Mr. and Mrs. W. A. Crowe, on West Eighth street, in this city.

—The Silver Creek correspondence of the Richmond Daily Register says: "Mrs. David Parrish and children, of Paris, were with Mr. and Mrs. James Adams, this week."

—Miss Ella Louise Keal has returned from Covington, where she attended the Christian Endeavor Convention, and visited her cousin, Miss Edith Stivers, at Newport.

—The following delegates from Paris lodge attended the meeting in Maysville this week of the Grand Encampment of the I. O. O. F.: P. J. McCord, Thos. Williams, Lawrence VanHook and Wm. A. Lail.

—Mrs. Wm. Stewart, of North Middletown, is a patient at the Massie Memorial Hospital, in this city, where she recently underwent a surgical operation. She was reported yesterday as doing very nicely.

—Mrs. M. H. Hamilton has returned from a visit to her parents, Mr. and Mrs. L. D. Overmire, in Yorktown, Ind. She was accompanied home by her brother, Mr. Vernon Overmire, who will be a guest at the Hamilton home.

—Miss Jane Caywood, of near Paris, has gone to Washington, D. C., where she has taken a position in one of the Governmental departments. Miss Caywood is a sister of Mr. J. B. Caywood, County Superintendent of Schools.

—Miss Winifred Hanley has returned to her home on High street in this city, after a stay of several weeks at St. Joseph Hospital, in Lexington. Miss Hanley has completely recovered from the effects of an operation performed at the institution some time ago.

—Miss Helen Cain, of Paris attended the funeral of Joseph Horine, in Winchester, Monday. Young Horine was the first Clark county man to die in the U. S. Army service "over there" in the present war. His funeral was made the occasion of a public tribute by the citizens of Winchester.

—The following composed a house party being entertained by Mr. and Mrs. Sweeney Ray, at their home on Higgins avenue: Mr. and Mrs. Herbert Harding, of Indiana; Mr. and Mrs. A. L. Howard, of Lebanon, Ind.; en route home from Florida; Mr. and Mrs. S. J. Florence, of Mobile, Ala.; and Mr. Harvey Prewitt, of Fayette county.

(Other Personals on Page 5.)

### "EVERYSTUDENT" FOR MAY.

The May issue of Everystudent, the P. H. S. monthly publication, shows a fine array of literary gems, the work of the students, under the tutelage of Prof. Clark and the editorial staff.

The Everystudent fairly blossoms with good things gathered from the garden of prose and poesy, and there is not a dull line in the eight pages. The contributions show cleverness in a high degree. Everystudent, in a few words, is entitled to the highest rank in college publications. To use a homely phrase, "it is all there."

One of the best things in current number is a humorous "take-off" on the members of the 1918 graduating class, depicting in a George Adeesque way the good points, foibles and fancies of each member. Other notable contributions are "Prophecy For the Class of 1917-18," in which the seer and seeresses visualize futures of the P. H. S. students; editorials, "Graduation—Then What?," "The Future of Everystudent," "Plans For Commencement," "Chapel Notes," etc., etc.; a two-column poetic tribute to the graduating class, in which the rhymster touches humorously upon the lighter sides of the student-lives.

Everystudent is a classy publication, and the May number is like a refreshing shower during a drought.

### MANY PURCHASING COAL SUPPLIES FOR NEXT WINTER.

Last Saturday and Monday a local coal dealer disposed of several cars of coal to country customers who are taking time by the forelock, and laying in their winter's supply of coal.

Our citizens should heed the advice of the Fuel Administrators in placing at once their fall orders for coal. Local shipments will likely be curtailed when the lake shipments start to move northward, and it will consequently be hard to obtain supplies of coal this fall. Fair warning has been given to everyone by the Government, and appeals for assistance will likely not receive the same consideration as was granted last fall. The troops will be moving all winter and coal must be kept going to the coast.

## WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."

—Mrs. ALBERT SULTZE, 603 Olmstead St., Winona, Minn. How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultze's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

### OUR MONEY NOT WASTED.

All of the money being expended for war purposes is not going to be a waste. Some of it is going to be shot away; some of it is going to be invested in machinery that will be useless in time of peace.

But a very great portion of it is being spent for things that will be as valuable when peace comes as now, though not so imperatively needed then—ships for instance. And as for the immense amount spent in adapting our manufacturing plants to war purposes, it is estimated that 50 per cent of our war machinery can and will be used for other manufacturing work after the war.

The invisible and intangible forces, the moral forces of the world, the soul and conscience of mankind are fighting on our side.

Karl Hapsburg finds that sitting on the lid of a kettle of mixed races boiling over for liberty is not as easy as old Franz Josef made it appear.

Little Rock No. 2—Sam Clay and W. P. Wornall, Captains, and Woodford Buckner, Thomas Buckner, Sam P. Harding, Redmon Talbott, Aylette Buckner.

Millersburg, having their own separate organization, no committees were named for the two precincts in that locality.

Through the generosity of Mr. John B. Elliott, of Lexington, president of the Colonial Amusement Company, which leases and operates the Paris Grand, the free use of the house for the Sunday afternoon mass-meeting has been made possible.

Mr. Elliott has on several occasions donated the use of the house for patriotic meetings and it goes without saying that his action will always be appreciated and pleasantly remembered by the people of the city and county who are interested in these movements.

A novel feature of the Red Cross campaign will be the public sale of a yearling jack colt, a six-months-old jennet colt, and an eight-year-old jennet, in foal. This sale will be conducted in front of the court house door, to-morrow (Saturday) afternoon, at which time the animals will be disposed of to the highest and best bidder. They were donated to the Red Cross by Mr. William Sparks, of near Paris, who was moved by patriotic motives to make the donations. The animals are sound and in good condition, and will be a good investment for the purchaser.

Several patriotic displays have been arranged in the show windows of local merchants all well conceived and well executed. One of the most noteworthy and one that attracts the attention of everyone has been arranged in J. W. Davis & Co.'s window. It shows samples of all the work done in the sewing rooms of the Red Cross, and work that is being done at present by them.

WHEAT FLOUR SUBSTITUTES SHOULD BE SOLD CHEAPER

Wheat flour substitutes should sell for from 10 to 20 per cent less than wheat flour, Food Administrator Hoover has so notified State Administrators. The administrators were instructed to direct wholesalers to stop dealing with retailers who cannot justify their prices on the basis of cost of their goods.

Cornmeal and oatmeal should sell 20 per cent below the price of wheat flour and barley flour should sell 10 per cent below wheat flour, the administrators were informed.

PLANS FOR COMPLETING GAP IN DIXIE HIGHWAY READY.

The Department of Public Roads has submitted to the United States Department of Agriculture plans and specifications for the completion of the seven-mile gap in the Dixie Highway between Livingston, Rockcastle county, and Parker's Creek, Laurel county. The remaining gap will cost \$27,614. Of the amount, \$14,337.50 has been raised by private contributions and an equal amount will be paid by the State out of the Federal Aid Fund. It is believed that the Dixie Highway will be open for traffic by fall.

## DEATHS.

## MYERS.

—The funeral of Mrs. Julia Myers aged eighty-five, who died at the home of her son, Mordecai Myers, near this city, was held at the Camargo church in Montgomery county, Tuesday afternoon at two o'clock, with services conducted by Rev. Southgate, of the Methodist church. The burial followed in the family burying ground at Camargo.

Mrs. Myers is survived by the following children: Mrs. Sarah Howard and Robert Myers, of Oklahoma; Mrs. Mary Everett, of Connersville, Ind.; Mrs. Ellen Horton, Mrs. Chas. Hazlerigg, Mrs. Nannie Thomas and Marshall Myers, of Mt. Sterling, and Mordecai Myers, of Paris.

## BONNELL.

—The funeral of Mr. Ezra N. Bonnell, aged ninety, who died at the Massie Memorial Hospital, in this city, after a short illness, was held at the home of his daughter, Mrs. A. L. Boatright, on Walker avenue, Monday afternoon at 2:30 o'clock. Services were conducted by Rev. W. E. Ellis, pastor of the Paris Christian church, assisted by Rev. R. H. Ellett, of the North Middletown church. The officers of the Paris Christian church acted as pall-bearers.

The body, accompanied by Mrs. Boatright and her daughter, Miss Winifred Boatright, was taken to his old home at Iola, Kansas, for interment.

## ELLISON.

—Dispatches in the daily papers Wednesday from Columbus, O., told of the death there of Col. Jas. D. Ellison, aged seventy-three, banker, publisher and railroad manager, well-known in Kentucky. Col. Ellison was a prominent figure in Cincinnati business circles, and was one of the earliest members of the celebrated Queen City Club, of that city. He had been a sufferer from heart trouble for some time.

Col. Ellison was at one time General Manager of the old Kentucky Central railroad, which is now the Louisville & Nashville, the Kentucky Central being the division running from Covington to Lexington. He was a frequent visitor in Paris, where he was well-known to the business men of that time. He was a native of Alliance, Ohio, to which place the body was sent for interment.

## PARIS MAN ELECTED HEAD OF GRAND ENCAMPMENT.

Maysville people extended a right royal welcome this week to the delegates from all over Kentucky who came there to attend the annual session of the Grand Encampment I. O. O. F. of the State. About one hundred delegates were in attendance upon the sessions.

The Encampment was in session two days, closing Wednesday with the election of officers. After conferring the Royal Purple degree on a number of candidates the members of the Encampment and delegates were given a banquet by the members of the Maysville lodge. The next meeting will be held at Providence, in Webster county. The following new officers were elected:

Grand Patriarch, P. J. McCord, Paris; Grand High Priest, C. L. Perkins, Catlettsburg; Grand Senior Warden, Curtis Clarke, Newport; Grand Junior Warden, Roy Forman, Lexington; Grand Scribe, Richard G. Elliott, Lexington; Grand Treasurer, B. J. Durham, Danville; Grand Representatives, Otto A. Breith, Newport, and M. M. Logan, Frankfort. Most of the new officials stepped into office automatically, having been advanced one degree by the retirement of their predecessors, but there were several vacancies filled.

## CAMPAIGN TO CHECK WASTE IN THRESHING.

A campaign to check the waste of wheat in threshing operations throughout Kentucky has been inaugurated by the Food Administration, the Kentucky Council of Defense and the Agricultural Extension Service. The campaign was undertaken at the instance of Washington, where it was pointed out that the annual wastage of wheat in threshing reaches enormous proportions.

The work in Kentucky of the three organizations mentioned will be directed chiefly towards securing repairs and more careful use of threshing machinery.

A committee has been organized in each wheat growing county in the State to have charge of the work in that county. This committee consists of a representative of the County Food Administration, a representative of the County Council of Defense and the County Farm Agent.

This committee will undertake in each county to direct the use of threshing machines in such a manner as to secure the maximum amount of service, with the most efficient arrangements as to dates and removals from farm to farm, in addition to its work of keeping the threshing machines in good repair, and of cleaning up the scattered grain, generally ignored and wasted, in the past.

## LIGHTNING HAD NO EFFECT ON THIS COON.

It's good to be hard-headed some times, especially when there's a bolt of lightning playing around loose in the vicinity.

James Daugherty, a colored farm hand on the Clell Turney farm, near Paris, can testify to this. Daugherty, while steering a team of mules to safety in a barn during a recent electrical storm, was struck by lightning, which also struck the barn, doing no damage to it, however. The mules also escaped injury. Daugherty's hat was torn from his head, and burns inflicted on his face, neck and arms. He was not seriously injured, and was able to be in Paris Wednesday, where he told of his experiences.

## RELIGIOUS.

—A collection will be taken at the morning service at the Presbyterian church for a service flag. All who desire to contribute to this fund will please bear this in mind.

—The Ladies Missionary Society of the Presbyterian church will meet Monday afternoon, May 20, at 2:30 o'clock, at the home of Mrs. Newton Mitchell, on Duncan Avenue.

—The ladies of the Presbyterian church will have an all-day sewing to-day, beginning at 9:30 a. m., at the Red Cross sewing rooms in the court house. All the members are earnestly requested to be present.

Women of the Methodist Episcopal Church, South, won their forty years' fight for full lay membership in the church, when the General Conference, in session, at Atlanta, Ga., struck from the church law the proposition against their election as church stewards and as delegates to the General Conference.

—The Christian Endeavor of the Presbyterian church will meet at the court house at 8:45 Sunday evening. The subject will be, "Education, the Doorway to Success." Leader, Miss Nellie Fithian. Those who attended the State Convention at Covington as delegates, will give a short talk. There was a large and enthusiastic gathering at the Convention. The public is cordially invited to attend.

—The sixty-first session of the Southern Baptist Convention is being held at Hot Springs, Ark., beginning on Wednesday of this week, May 15, and continuing for ten days or two weeks. Representatives are in attendance from all of the Southern States, and it is expected that several thousand persons will attend the sessions as delegates or visitors. A large delegation from Kentucky, including Rev. R. C. Goldsmith, of Paris, is in attendance.

In connection with the meeting of the convention the thirteenth annual meeting of the Woman's Missionary Union of the Southern Baptist Convention, is also being held.

—The revival meeting in progress at the Christian church, conducted by Revs. W. E. Ellis and J. J. Castleberry continue to draw large audiences each night. Rev. Castleberry preached to a crowded house last night, taking as his theme "Becoming a Christian." To-night his subject will be, "Facing The Facts of Life," a special sermon for young people. Saturday night he will preach a special sermon for parents on the subject, "The Priesthood of Parents." Sunday morning the subject of the sermon will be "Steps To Life's Summit," and Sunday night "Two Great Questions About Jesus." The evening services will begin at eight o'clock. The public is cordially invited to attend. A special feature of the meeting is the song service under the direction of Mr. A. L. Boatright. The young people are especially urged to attend the service and special sermon to-night.

## BOURBON COUNTY RECRUITING DAY IN Y. M. C. A. WORK.

Bourbon County is called upon not only to furnish its quota of men to enlist in the Army and Navy, but also men to wear the khaki and help their brothers keep fit for the demands made upon them. This latter service is with the Army Y. M. C. A., which follows the flag on land or sea. The following telegram under date of May 7 indicates the urgent need of Army Y. M. C. A.:

"Situation overseas evidently becoming more critical, note following important cable from Ambassador Sharp to War Personnel Board.

"Appealing need workers with American troops minimum requirements to-day 600 for approximately 200 important unoccupied points. Many of these on firing line. Secretaries alone at front are breaking under terrific strain, we must have immediate adequate relief to avert catastrophe."

Kentucky is asked to furnish twenty men each month and Bourbon County should help Kentucky do its part at this time. To that end all men interested in learning the full particulars of the Army Y. M. C. A. service are invited to meet Secretary G. J. Johnson, at the Y. M. C. A. Building, Paris, Saturday, May 18, between the hours of 8 a. m. and 5 p. m.

The Bourbon County Y. M. C. A. will gladly make an appointment for any man. Apply to Z. L. Wilcox, Y. M. C. A. Building, Paris, Ky.

## MATRIMONIAL.

## BURRIS—TRIPP.

—A pretty home wedding was solemnized the first of this week, when Miss Sidney Katherine Burris, daughter of Mr. and Mrs. Jonathan Burris, of Little Rock, this county, became the bride of Mr. Linn Ayer's Tripp, of Omaha, Neb. The ceremony was performed by Rev. Ward Russell, pastor of Little Rock Christian church, in the presence of friends and relatives of the family.

Before America entered the war the bridegroom was in charge of the West Side Christian Church Mission in Indianapolis. It was while in attendance upon the Christian Church Convention at Indianapolis that the couple became known to each other through introductions. Mr. Tripp is now located at Ft. Crook, Neb., where he is director in charge of the religious and educational work of the Army Y. M. C. A.

After the ceremony Mr. and Mrs. Tripp left for a honeymoon trip to Chicago. From there they will go to Bellview College, near Omaha, Neb., where they will reside in the future.

## LIFE INSURANCE PAID.

A check for \$10,055.37, representing a life insurance policy and interest from time of death, has been turned over to Mrs. Burton Amende Frank by Miss Kate Alexander, local representative of the Union Central Life Insurance Company. The check represents a policy held in that company by Mr. Frank.

## TO TEST HEALTH CONDITION ON FARMS.

A careful investigation of the health conditions on all Kentucky farms applying for boys from the United States Boys' Working Reserve, will be made by a committee representing the Reserve, the Kentucky Council of Defense, and the County Health Officer, in each case, before a boy is assigned to the farm.

This policy was adopted upon suggestion from Washington, pointing out the necessity for maintaining the best health standards on the farm as a safeguard to the boy laborers.

County representatives of the three organizations mentioned above have received instructions from their State headquarters to insist upon the best health conditions on the farm before filling the farmers' applications for boys from the Reserve.

The examination will include a test of the water and milk, an inspection of the room, or rooms, to be occupied by the boy laborers, and an inspection of the wells, as to location and liability to impurities.

The committee in charge of the examination has been instructed to report unfavorably on any farm, applying for a boy from the Working Reserve, which is not up to satisfactory standards in this regard.

## CAHAL BROS.

BARBER SHOP

### REAL ESTATE TRANSACTIONS.

Mr. B. S. Parrish, who recently sold his general merchandising store at Austerlitz, has purchased a farm of 105 acres near Jett's Station, in Franklin county, for a price not given out for publication. The farm is known as the old Jett place, and is at present occupied by the family of the late Dr. C. H. Tiffin, of Frankfort. The farm was sold to Mr. Parrish by the owner, Mr. E. C. Walker. Mr. Parrish will get possession on July 1.

### JEWES ARE CELEBRATING THE FEAST OF WEEKS.

From sunset last night until sunset to-night, according to the old custom, Orthodox Jews of this city will celebrate the Feast of Weeks, or the festival of Shabouth. According to Biblical injunction, the festival was observed in Palestine as one of the three harvest festivals. It was celebrated on the fifth day after the commencement of the Passover, taking its name from the Greek, and was called the Pentecost.

Many Parisians will go to Lexington, where divine services will be held in commemoration of the festival, at the Maryland Avenue Temple. Dr. Joseph Finklestein, of Cincinnati, will speak at the morning service today on the subject "Divine Ideals."

### COMING ATTRACTIONS AT PARIS GRAND AND ALAMO.

To-day, Friday, May 12—Government and Ladies' Day. Two ladies admitted on one paid admission, plus the war tax. Kathlene Williams and Tully Marshall, in "The Whispering Chorus;" King Baggot and Marguerite Snow, in tenth episode of "The Eagle's Eye."

To-morrow, Saturday, May 13—Jewel Carmen, in 5-part feature "The Kingdom of Love;" two-part Sunshine Comedy, "Suds of Love;" Hearst Pathe News No. 34.

Monday, May 20—Ann Little and Conway Tearle, in "The World For Sale;" from the novel by Sir Gilbert Parker; Sunshine Comedy, "Shadows of Her Past."

### SOMETHING NEW IN CAKES

The famous and delightful Delina Sponge Cakes and Angel Food Cakes are to be had at our store at 25 cents each.

C. P. COOK & CO.

### WOOL WANTED.

Highest market price paid for wool. Plenty of sacks and twine at our mule barn on South Main Street.

CAYWOOD & MCCLINTOCK.  
(apr 19-1m)

### "COME SEBEN—LEVEN."

Eleven colored people, ten men and one woman, arrested in a raid on a crap game in Claysville by Patrolmen Judy and Lusk, were presented before County Judge Batterton for a hearing. With the exception of one man, Will Myers, who was dismissed, a fine of \$20 and costs was assessed against the bunch.

The game was tipped off to the police as being in progress at the house of Braxton Howard, a colored horse-trader in Claysville. When the officers arrived with the "hurry-up wagon" there was a scramble to get away, but the hand of the law brought them to terms.

The parties captured in the raid were Braxton Howard, Irvine Hanners, John Kellis, Harry Green, Jos. Todd, George Rollins, Wm. Myers, Smiley Davis and Andy Love. A colored woman named Mary Timmons was taken along, charged with vagrancy.

### SOCIAL AND PERSONAL.

#### Comings and Goings of Our People Here, There and Elsewhere.

—Mr. Barnett Winters left yesterday for a visit to friends and relatives in Eminence.

—Mrs. W. F. Turner, of near Paris, was taken to the Massie Memorial Hospital yesterday, for treatment.

—Mr. N. Kriener is convalescing from a recent severe attack of pneumonia at his home on Twelfth street.

—Rev. J. J. Rice was a guest of friends Tuesday in Carlisle, where he was formerly pastor of the Presbyterian church.

—Judge C. A. McMillan and Mr. Robert C. Talbott have returned from a trip to Louisville, where they went on professional business.

—Mrs. Roger Q. Thomson, of Columbia, S. C., who has been visiting three weeks in Hot Springs, Ark., will arrive Monday to visit her aunt, Mrs. John T. Hinton, and Mr. Hinton.

—Mrs. Phelps Sasseen, of Abbeville, South Carolina, who is visiting Miss Cora Addams, in Cynthia, will come to Paris for a visit to her brother, P. R. Smith, and Mrs. Smith.

—First Lieutenant Milton J. Stern, who is stationed at Camp Wadsworth, near Spartansburg, S. C., in the Medical Reserve Corps, is visiting his father, Mr. J. A. Stern, who has been very ill for some time.

—Mrs. Hershel Humble will leave today for a short visit to friends and relatives in Somerset. From there she will go to Camp Forrest, near Chattanooga, Tenn., to join her husband, who is stationed there in the forestry branch of the service.

—Rev. J. T. Tadlock and wife, who have been the guests of their son, Mr. Thornwell Tadlock, left this week for the Kentucky mountains to recuperate his health. Rev. Tadlock was compelled to give up the pulpit on account of failing health.

(Other Personals on Page 3.)

### COUNTY COURT NEWS.

In the County Court Wednesday, Attorney Robert C. Talbott, of the law firm of Talbott & Whitley, appeared before County Judge George Batterton and qualified as executor of the estate of the late Mr. E. B. Hedges, by furnishing bond in the sum of \$7,500.

In the Juvenile Court, Judge Batterton gave a jail sentence of twenty days at hard labor to T. B. Kelley on a charge of contributing to the delinquency of the three children of James Sanders, by enticing Mrs. Adams, their care-taker, away from home.

Fisher Williams, colored, charged with forgery, was given a hearing and held over to the grand jury at the next term of the Bourbon Circuit Court. Williams could not furnish the necessary \$200 bail, and was sent to jail to await trial at the June term of Court. Williams secured more than \$200 on forged checks on Paris and Bourbon county men.

### AUTOMOBILE CLUB SUGGESTED.

The suggestion has been made by an automobilist of Paris that the county needs an automobile club, fostered by the automobile dealers of this city and Millersburg. Such a club would be a great deal of assistance to the county officials and others interested in creating sentiment for better roads in the county. The auto club would stimulate more interest in autos in this vicinity, especially commercial trucks, thereby profiting the dealers for the effort expended. The auto club will be a great civic factor in both stimulating interest in better roads and in demonstrating the value of the commercial truck.

### CALLED MEETING OF DAUGHTERS OF CONFEDERACY.

There will be a called meeting of the Richard Hawes Chapter, Daughters of Confederacy, in the Confederate room in the court house, on next Tuesday afternoon, May 21, at three o'clock. This will be an important business meeting. Let every member make a special effort to be present and on time.

MRS. THOS. McDONALD.

### TOTAL ECLIPSE OF SUN.

A total eclipse of the sun which will occur June 8, 1918, will be the largest and most important of a life time in all the Southern States. This eclipse will be visible throughout the United States, the eclipse being total along a path about seventy miles wide extending from Portland, Oregon, to Denver, Col., Jackson, Miss., and Orlando, Fla. In all other parts of the United States it will be partial.

### TOBACCO MEN BUSY.

With the advent of warm weather the tobacco men of the county are getting busy, putting all their time in preparing the season's crop. Mr. George K. Jones, one of the most prominent growers in the county, has plants ready to set, and will begin next week transplanting them. Mr. George Rose, another hard worker, has plants almost ready and expects to have his men in the field at work on them by Monday, and will put out several acres. Altogether the season is very promising, though it has been accompanied by many setbacks.

### SCHOOL COMMENCEMENT

The Eighth Grade commencement exercises of the Ruckerville Grammar School was held at Shorter Chapel, A. M. E. Church, in Ruckerville, last Monday night. The honor roll was announced as follows: John L. Porter, valedictorian of the class; Ethel Thomas Clay, salutatorian; Effie May Lindsay and Earl Asher. The class motto was "Not Finished, Just Begun." The exercises were attended by a large number of the patrons and friends of the school.

### DR. WILKINSON AND HIS CHOIR VISIT PARIS.

An audience that filled the room to overflowing gathered at St. Peter's Episcopal church, in this city, Tuesday night, to hear and greet Rev. Dr. Richard Wilkinson and the choir of the Church of the Good Shepherd, of Lexington. Dr. Wilkinson took as his theme, "Love," delivering a discourse full of deep thought and eloquence, characteristic of the speaker, who has on more than one occasion appeared here publicly. Dr. Wilkinson is a wonderfully eloquent and fluent speaker, and was given the closest attention throughout the delivery of the sermon.

The choir, under the personal direction of Mr. August C. Gutzeit, a former resident of Paris, and one of the most gifted musicians in the State, rendered a specially prepared program of sacred music which fitted in well with the occasion. At the conclusion of the service a free will offering, amounting to \$50, was taken, which is to be applied to the building fund of Dr. Wilkinson's church in Lexington, which was damaged by fire some months ago.

Those who came from Lexington for the services were A. C. Gutzeit, Dr. E. F. Tuttle, Chas. B. Young, Henry Kelley, Frank W. Tuttle, Jr., J. Esten Keller, Mrs. Henry Duncan, Mrs. Thos. Warren, Mrs. Henry Keller, Mrs. R. L. Northcutt, Mrs. Claude Miller, Mrs. Sarah Blanding, Misses Lois Warren, Ellen Blanding, Lucy Kelley and Gertrude Morton.

Mr. J. Esten Keller, who was a resident of Paris many years ago, was in the audience. Mr. Keller was confirmed in the Paris church sixty-one years ago, and was reminded that all of the members at that time have since passed away.

### EXPERT TO GIVE HOME DEMONSTRATIONS IN PARIS.

Practical demonstrations in the management of milk, its products, cheese, butter, etc., will be given at two o'clock this (Friday) afternoon, at the home of Miss Lucy Simms, on Second street. The demonstrations will be made by Miss Ratcliff and Mrs. Golden, of the Home Demonstration Department of the University of Kentucky.

Another demonstration of similar nature will be given in North Middletown, to-morrow (Saturday) afternoon, from two o'clock in the old Christian church building.

This will be a rare opportunity for the ladies of the city and county to witness these demonstrations, which will be easily understood and made plain by the demonstrators.

### ODD FELLOWS' CELEBRATION ON SATURDAY, JUNE 1.

One hundred and sixty children from the Odd Fellows' Widows' and Orphans' Home at Lexington, accompanied by their superintendent, matron and teachers, will visit Paris on Saturday afternoon, June 1, for the purpose of giving a free open air concert in front of the court house.

The program to be rendered will comprise music by the Boys' Band, which has become a great favorite in Paris, and by the Girls' Orchestra, recitations and songs by the children and an address by a speaker not yet selected.

The occasion will be a notable one, and the weather permitting, will be the means of attracting a large crowd to Paris. It will be an event of especial interest to Odd Fellows and the members of their families.

## THE J. T. HINTON CO.

## 4,000,000 Men to Be Mobilized by September, Army Officials Predict

Colonel Roosevelt May Yet Command Division to Help Suppress the Hun—Great Activity in Military Circles Since Return of Secretary Baker.

WASHINGTON, May 15.—The recent turn of events in France has brought about a marked change in military circles here, and, according to many who are accessible to inside information, there is little reason to doubt that at least 4,000,000 men will be under training by September 1st, instead of the 1,000,000 men originally planned upon. President Wilson is known to be in favor of raising this huge force, and Secretary Baker has made it plain that he will not be satisfied until America has an army sufficiently large to make the defeat of the Hun an assured possibility.

Renewed activity on the part of former President Roosevelt's friends to land him a high commission have caused considerable comment in official circles, and there are many in high authority who predict that he will soon be offered a berth on General Pershing's field staff.

It is hoped that a smaller percentage of rejections will occur, as many of the red-tape rules governing the acceptance of men have been abolished. It is well known that many men of high quality who are now anaemic or underweight, by the use of a proper body builder. Numerous cases might be cited to show that men have increased their weight as much as ten or fifteen pounds within two weeks by the use of an easy-digested, organic iron.

Run-down, thin emaciated creatures are no longer wanted—either in the army or civil life. Men of strong vitality and fully equipped physical power and stamina are now required, whether in battle or business life or the more hazardous work of leading men "over the top" in the Flanders trenches.

The human system requires a certain degree of iron to properly replenish the blood and tissues of the body, and the food of modern civilization is such that eighty per cent

of the populace lack the proper amount of this necessary organic sulphate.

Thus we behold a race of prematurely old, bald-headed, false-toothed victims, with begoggled, lack-lustre eyes and faltering step, instead of a sturdy, strong-limbed people—as in the iron-absorbing ages of Caesar and Cæsar, the Saxon.

If you are run down, anaemic, worn out, lack bodily vigor, sleep poorly, have no appetite or lack weight—go to Brooks & Snapp, druggists, and get a bottle of Acid Iron Mineral. Try it a week or two. Then, if it hasn't made a new man of you return the bottle and your money will be promptly refunded.

Acid Iron Mineral not only thins the blood, but strengthens and invigorates it. For those who suffer from the effects of thickened, heavy blood, coagulated and polluted with the waste matter of the winter's accumulation, A-I-M stands without a peer, for it not only thins the purifies the blood, but carries the various impurities out of the system—naturally and effectively. As a general "spring tonic" and as a prompt relief for that "tired feeling" and run-down condition so prevalent at this season, it remains the only natural, non-corrosive, fully assimilable and digestible iron known to medical science.

On the market over thirty years, and with thousands upon thousands of testimonials from physicians, lawyers, clergymen, pharmacists and laymen who testify to its merits, A-I-M is the only remedy which is sold with the distinct understanding that its purchase price will be refunded if it fails to benefit in every possible degree. Reject all spurious imitations, which profit-seeking druggists try to foist upon you, and demand the original Acid Iron Mineral. For sale by Brooks & Snapp, druggists. (adv)

## HOW AMERICAN INGENUITY OUTWITTED BOCHÉ "KULTUR"

How an American alarm clock kept the whole German line guessing and caused the Germans useless expenditure of large quantities of machine gun and rifle ammunition all one night was related by an American soldier.

The Americans had been trying for some time to draw the fire of certain enemy units.

"Leave Fritz to me," said a happy-faced young American, who, putting an alarm clock under his arm, disappeared into No Man's Land under cover of darkness and fastened the clock to a wire.

Soon the alarm rang, whereupon the Germans opened fire. The wire had been so arranged that the clock continued to ring intermittently, and each time drew a violent fire from the enemy. Meanwhile the Americans rested in their trenches and enjoyed a hearty laugh.

An American officer turned the tables nicely on the enemy recently. The Germans had retired during a bombardment to concrete dugouts behind their trenches, leaving the first three lines to one man, who went around setting off flares, leaving the first three lines to one man, who went around setting off flares, so as to create the impression that the whole front was alive with Germans. An American patrol leader went over and discovered the ruse. He killed the one German, invaded the trenches and gathered dozens of street signs which the Germans had posted, returning to his own lines with the signs tucked under his arm.

### DO IT NOW.

Paris People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where other fail. Over one hundred thousand people have recommended them. Here is a Paris case:

Mrs. Chas. McCord, S. Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's Drug Store and I have found them a splendid medicine. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills has been sufficient to cure me of the attack."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

## PROFESSOR CANNON GIVES DATA TO GOVERNMENT.

Henry S. Cannon, Nicholasville, professor of German, University of Kentucky, has sent a collection of post cards procured during his stay in Germany, to the War Department in Washington. The cards show birds-eye views of various cities, public buildings and railroad bridges in Germany and are valuable information for the War Department. Professor Cannon also had maps of German river routes and roads which he intended to send to Washington, but these have unaccountably disappeared.

Professor Cannon has received a letter of acknowledgment from the War Department, expressing appreciation for the service and requesting him to communicate with the department if he has any other such information, especially if it concerns the country west of a line south from Hamburg.

## MAKES ALL THE DIFFERENCE WHO MAKES MISTAKES.

When the plumber makes a mistake, he charges for it; when a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again; when a carpenter makes a mistake, it is just what he expected, because the chances are ten to one that he didn't learn his trade thoroughly, anyway; when a doctor makes a mistake he "buries" it; when the dentist makes a mistake, he can always repair the damage; when a judge makes a mistake, it becomes the law of the land; when a preacher makes a mistake, nobody knows the difference; when an electrician makes a mistake, he blames it on induction, because not one out of a hundred knows what induction is, anyway.

But when a newspaper man or a printer makes a mistake—GOOD NIGHT! FAREWELL TO PEACE AND HAPPINESS!

## HOW TO TREAT PRO-GERMANS.

The time is coming when German sympathizers will be run out of every community where they are known. If they are wise they will either shut up their mouths or leave for Germany—Dalton, Ga., Citizen.

Leave for Germany—not much! That is the last place to which they want to go. You might as well suggest that they leave for the lower regions as to suggest their voluntary return to Germany. We have no ships to spare to forcibly ship them back, and so the next best thing is to intern—or inter—every pro-German, or make them work on the public highways for a living. If they are German spies, then the thing to do is to shoot them without mercy or trial. It is time for this country to make a real aggressive war upon our enemies at home as well as upon our enemies abroad.

**BEST IN THE LONG RUN**

# The Cold Figures of It

ATLANTIC	FLEET	254	012	TIRE	MILES
PACIFIC	FLEET	166	960	TIRE	MILES
MOUNTAIN	FLEET	165	796	TIRE	MILES
PRAIRIE	FLEET	198	744	TIRE	MILES
LAKE	FLEET	217	372	TIRE	MILES
DIXIE	FLEET	3,285	860	TIRE	MILES
<b>TOTAL 4,178,744 TIRE MILES</b>					

**GOODRICH TESTED TIRES**

At the City of Goodrich, they have officially announced the grand mileage of Goodrich's nation-wide Test Car work of 1917:

**1,044,686 linear miles.**  
**4,178,744 tire miles.**

Those figures indite the Emancipation Act of motorists, freeing them from tire mishaps and amputated mileage.

Compressed in them is the story of the famous Six Fleets, and how they hurled Goodrich Tires the length and breadth of our nation, over city pavement and country road, ploughing them through sand and mud; mauling them against rock and gravel.

Mathematics has no favorites. That multiplied mileage of 4,178,744 miles coldly, calculatingly, puts the seal of multiplied proof on Goodrich Tires, and stamps them "Tested." It is that searching test, no slightest defect, no hidden short-coming could escape the sight of the Goodrich experts.

**SILVERTOWN CORDS, and BLACK SAFETY TREADS, under light and heavy cars, defied the rough going of roads wherever the Test Car Fleets rushed them.**

The spiral-wrapped, cable-cord tire body, and Goodrich's tough black tread rubber fought the hard fight and conquered.

Seek tire surety and long mileage in the proven service of "America's Tested Tires." Goodrich guarantees you will get it because Goodrich tested and got it.

Tread Tires mean 100 per cent. quality. Demand it. Tested Tires mean supreme service. Demand it.

## ANOTHER GOOD INVESTMENT.

We paid out some Red Cross money a while back. We paid it out and forgot it. That's how much it hurt. Perhaps it would be a good idea to have a look at what that money has been doing.

That money went, dollar for dollar, where it did a full day's work, no matter for what it was appropriated.

Three cents of it may have had the honor of disinfecting with iodine the three torn wounds of an American soldier on the French front. Or it may have had the less noble responsibility of pinning a warm blanket belly-band around six-year-old Antoine out back of Noyon.

There's the whole path of ruin from Belgium to Switzerland just to visualize one thing at a time. If your Red Cross money went there, it very likely provided pots and pans, food and clothes, beds and blankets for the repatriated people. Three years ago these people were prosperous and contented, self-respecting, steady, saving, hard-working, everyday small-town citizens.

Now they have the "earth under them and the sky over them," not one thing else, and it is for you to say whether the American Red Cross shall stop its mercy work among these unfortunates.

The Red Cross is yours, just as our army and navy are yours; yours to support with the same fervor and loyalty that led you to the bottom of your purse for Liberty Bond subscriptions. It's your voice to say whether your Red Cross, now ask-

ing for one hundred million dollars, shall falter or sweep onward, greater and more helpful than ever before.

Your dollars must answer.

Treat your wife as you did when you were courting her and she will worry herself to death wondering if you are too good to be true.

Ever sit in your house and watch a group of people in animated conversation on the street corner, while you couldn't hear what they said? Just like moving pictures.

Love asks no question. And the pitiful part of it is that a lot of innocent children would be better off if love did.

#### "DEVIL DOGS" NAME GIVEN TO U. S. MARINES BY HUNS.

United States Marines in France are rapidly acquiring new soubriquets. The Germans, terrorized by their maniacal fighting, have dubbed these Americans "Devil Dogs."

But the French who have come in contact with the Marines refer to them as "the millionaire soldiers," due to the fact that Marines are constantly dividing their pay with the French women and children who need help. In many instances marines have been known to give up their entire month's pay to purchase food for destitute French women.

#### RED CROSS AND GOVERNMENT

"Why doesn't the Government do it?" is a question you sometimes hear concerning the work of the American Red Cross.

The answer is: "Because the Red Cross can do it much better than the Government could."

It can do it more cheaply. A large part of the personal services for the Red Cross are performed by unpaid volunteers. Chairman Davison recently declared that ten million people were working for the Red Cross without pay.

The Red Cross is a much more flexible agency than the Government can be. It had no real organization in Italy when the Italian armies were suddenly dislodged and driven back to the Piave last fall. Some thousands of families in the evacuated territory fled from their homes. A hurried summons brought the European chief of the American Red Cross to the scene with aids. Immediately the Red Cross was picking up children who had been separated from their mothers, getting helpless families under shelter, providing food. Three million dollars was spent to meet that unforeseen need.

The Red Cross can work in a way that would be fairly impossible for a government. For example, every officer and agent of the French Government will gladly assist the Red Cross to find and help a mutilated French soldier or a destitute French family. The French Government might have some quibbles about accepting charity from the American Government. No question of national pride or of policies comes up when the Red Cross is concerned. Everywhere it is received without reservation as a friend.

The American public subscribed a hundred million dollars to the Red Cross last summer. Our Government might easily have appropriated that sum for the work. It would have been lost in the mass of war appropriations and meant nothing in particular to anybody. It would have been merely so much impersonal, cold-storage money. As one-half of one per cent. of the Government's total war appropriations it would have looked meager and lifeless. Freely subscribed by the people the money is warm with human sympathy. France, Italy, Poland see it not as a bookkeeping entry made by a machine called the Government of the United States, but as the generosity of fellow creatures. It palpably means that to us also. The Red Cross can do it much better than the Government could.

#### NEW DENTAL CAR FOR ARMY WONDERFULLY EQUIPPED

The government has recently been presented with a dental truck which is remarkable for its completeness and the ingenuity of its design. It is illustrated in an article in the June Popular Mechanics Magazine. Attached to either side of the body and mounted on frames that fold up, jack-knife-fashion, are tents that can be opened quickly when the car is at rest. These are used as living quarters for the men in charge and for quarters for the men in charge and for professional work. One is equipped with a portable dental chair and an oil heater.

The body of the car is equipped with a regulation dental chair, a gas-administering outfit, spacious cabinets for instruments, a washbasin, 30-gallon water tank, rotary pump, etc. Acetylene gas is supplied from compressed tanks for lights, a heater, and a brazing torch. Storage batteries supply current for auxiliary lights, a dental lathe, and an electric engine.

#### STRENUOUS TIME AHEAD FOR STEEL MEN.

Gradually the line is being drawn against non-essential industries and the latest move of J. Leonard Replegle, director of steel supply, means the temporary extinction of a good many.

At a recent meeting in New York between Replegle and 50 leading steel manufacturers of the country, the latter were told the time had come when the government must be furnished practically with 100 per cent of the steel output, and all others must wait and take the crumbs if there are any.

Every manufacturer signed a pledge to produce at maximum capacity and to hand over the whole output to the steel director as fast as demanded. From now on not one ounce of steel will go for any but war purposes.

This means no new structural steel buildings or bridges will go up, unless needed for military purposes and automobile manufacturers will be enabled to turn out very few cars for private use.

Manufacturers of pots, pans and household hardware will approach zero.

Every old kitchen stove, automobile, tub or sewing machine which has a single kick left in it must be kept going with repairs, not scrapped.

Even farm implements will be scarcer, although they are classified as "war needs."

#### HOW'S THIS?

# TROCO

## Compare Troco With the Best Butter You Can Buy at Any Price

**T**HIS appetizing new product is offered as butter's successor to those who heretofore have used nothing but butter.

It is made by an exclusive process—a process which gives the delicate flavor of gilt-edged creamery butter. The more critical you are, the better you will like Troco.

The makers of Troco specialize on this one product. They have perfected the method which produces the quality which makes Troco not a butter substitute but actually butter's successor.

### An Attractive Combination

Troco is churned from the fat extracted from the white meat of coconuts—the same dainty tropic delicacy you use shredded on cake—combined with pasteurized milk.

It is as nutritious as butter and even more digestible. Like butter it is energy food of the highest value.

You will use Troco in place of butter solely for quality—because you rarely find butter so pure and sweet. Your dealer will supply you

with a capsule of the vegetable coloring used by butter makers.

But remember, Troco contains no animal oils, and no preservatives. And that it is made by a company which makes no animal oil products—only pure, sweet, appetizing Troco.

### Remember to Specify TROCO

Ask for Troco by name if you want to enjoy the butter flavor and butter quality which other nut butters lack. Your dealer has it or can order it for you. A 'phone order will bring prompt delivery anywhere.

## Of Them We Ask Their Lives; Of You Only Money

**T**HERE is only one way to give to the Red Cross—give till your heart says stop. A little contribution is only a salve to pride.

This is not to say that contributions of only one dollar, or even of only one nickel, are not desired—and *needed*. *They are!*

For you to give \$5 when you can give \$25—for you to give \$25 when you can give \$100, or to give \$100 when you can give \$500—is to dodge the heaviest obligation that this war has laid upon you. Remember, this is *not* a charity:—this is a *duty*.

No man can tell you how much you ought to give. Except this: that "Over There" the need is so great that only by cutting to the quick, only by giving all that you think you can give and then more—only by giving not a little of your excess but much of it—only by taking from your own children and from your wife and

from yourself, can the needs of the men who are fighting for you and the needs of the children of the men who have died for you be met.

Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and Sept. \$100,000,000 must be raised.

**What Will You Do To Help?  
Red Cross 2nd War Fund May 20-27**

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.
